2030 Vision

Raukawa Kia Mau Kia Ora

Our 2030 Vision represents a comprehensive framework that guides the Raukawa Group. Our framework was developed through many workshops and hui with our people, kaumātua and wider whānau to ensure that we remain connected and guided by our iwi at all times.

Our vision directs our decision making, strategies, and the many initiatives that we undertake to achieve the collective aspirations of our people. We are guided by our values of Tika, Pono and Aroha as we uphold the mana of our tupuna Raukawa.

Our framework is the primary tool we use to measure our progress and acts as a metric to become more efficient and effective when delivering outcomes for current and future generations.

2030 RCT Board Mission		Our mission is to deliver outstanding cultural, social and environmental outcomes to ngā uri o Te Poari Matua o Raukawa.

Achieving the cultural, social and environmental aspirations of our iwi is one of our key commitments. Through an inter-generational approach, we actively seed, nurture and deliver a wide range of opportunities, grants, services and projects that bring meaningful and tangible benefits to our people and the wider community throughout our takiwā.

Our social development arm, the Raukawa Charitable Trust, continues to deliver a multitude of services and initiatives that aim to drive iwi and community wellbeing, environmental sustainability and the revitalisation of Raukawātanga.

With over 35 years' experience, we have grown to become a leading employer in the South Waikato with over 120 kaimahi across four offices. We are guided by a holistic approach in all that we do, it's about honouring our past, to inform our present, to determine our future.

Our Investment Approach

Disciplined

We take a long-term commercially disciplined approach to our investment decisions and will only invest where we believe we can generate appropriate risk-adjusted returns on capital.

Long-term

We will invest directly into areas where we hold a competitive advantage through scale, investment time horizon, statutory rights, strong relationships or existing capability. In situations where direct investment opportunities do not exist or when we do not possess the required capability, we will use passive financial investment.

Balanced

We will seek a balanced portfolio that generates the necessary cash flow to sustain distributions but also provides for long-term capital growth.

Partnership

We aim to work with like-minded investors, especially iwi, where we can.

Our Objectives

Excellence

Achieve leading asset-level, risk-adjusted returns

Growth

Sustain and grow distributions to fund wider Raukawa goals

Leadership

Enhance the mana of Raukawa through commercial and financial success

Integrity

Uphold and promote Raukawa values

Growing the commercial assets and interests of our iwi is an integral part of further advancing the collective aspirations of our people. With a strong wealth-base and an inter-generational focus, we aim to ensure that we are both resilient when meeting challenges and well prepared to leverage future opportunities.

Over many years we have developed a leading iwi investment company, Raukawa Iwi Development Ltd, through the application of best practice commercial governance and investment analysis, along with a prudent investment approach.

Our commercial vision is to become an outstanding iwi investment company and a respected leader within the Māori economy. We aim to grow the wealth and influence of our iwi through excellent management of our assets in a manner that provides sustainable distributions for our people, now and into the future.
